Stile X Quick-Flick Checklist

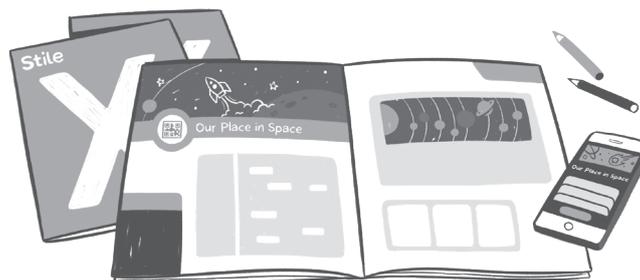

We strongly recommend that you do not “correct” or “mark” Stile X booklets. Instead, use this checklist to determine whether students have attempted each section. **Spend a maximum of 60 seconds per Stile X book.** Set up the expectation that you’ll be checking to see if they’ve done it, and that their score on this sheet will form part of your final assessment for the unit or term.

This checklist also exists as a peer assessment. Visit stileapp.com/go/stilexpeerchecklist to find out more.
