Stile X Quick-Flick Checklist

Stile X is designed to help you become the best learner you can be by improving your note-taking and revision skills. Are you getting the most out of what Stile X has to offer? This checklist will help you find out!

1. Swap Stile X books with a partner.
2. Look at one section of your partner's book at a time, then complete the matching section of the checklist.
3. You can add notes to explain your marking. Notes might tell your partner what they could improve on, or what they did really well.

	My partner has...	Notes
Revision notes	Given an answer to each question <input type="radio"/> never <input type="radio"/> sometimes <input type="radio"/> always	
	Completed the "Check your understanding" reflection	
Glossary	Written definitions for each word	
	Given an answer to each question	
Practice test	Completed the "my understanding" scales	
	Used the model answers to correct their work
